“Rolfe Peterson to Emcee Union’s Talent Premiere,” by Georgia Saibara

Talent Premiere, a program designed to grant recognition and honor to talented University students, took place at the Union Ballroom every year. The program promoted the Model United Nations Assembly for high school students. Mr. Rolfe Peterson, former broadcaster of KSL-radio, and CBS broadcaster, was the master of ceremonies at this event. There were many participants chosen for this contest such singing duets, and acrobatic dancers. Top three winners would win trophies and prize money.

“Ballet Company to Present Gala”

The 11th annual spring Ballet Gala was presented in May by the University Ballet Company. The events were choreographed by William Christensen, who was the professor of the ballet. The Utah Symphony Orchestra was the music for the event. There were multiple ballets performed, including the fantasy “Swan Lake”, “La Fille Naïve”, “Bluebird Pas De Deux” from Sleeping Beauty, and “The Garden of Evil.”

“Student-Faculty Board Planned by New Execs”

The ASUU Executive Council planned the first student-faculty Sounding Board to tackle foreign student problems. The Sounding Board was a discussion period for student, faculty and administration representatives to attend for free. The new Execs also planned an all-day workshop to determine what their methods of communication with other campus groups and branches of student government would be.

“Britain Supports U.S. Idea of World Police,” by Associated Press London

The British-American discussion on replacing all National Armies with a World Police Force has won Britain's full support. Along with this replacement, Britain has decided on the three-stage U.S. disarmament program. In the first stage, the powers should agree on details of a World Police Force. Its establishment would come in the second year. And in the final stage, the U.N. Military Authority would be so strengthened, it would be unchallengeable. The Russians also came to accept this idea.

“BYU Physicist Sets U Speech”

Harvey Fletcher, physicist from BYU's physical research department, addressed Utah students on recent research in musical acoustics. Dr. Fletcher was director of physical research at the Bell Telephone Lab, obtains a doctor degree in philosophy from six different universities, and has also served as president and co-organizer of the acoustical society of America.

"The Round Table," by Chuck Akerlow

The past village president, Beve Strockbank, allegedly took money from senator Smois Lith without her knowing to take a trip to Hungry Horse, Montana. Strockbank went to Montana to meet with the Town-Village Association (TVA) seeking the post of Chief Town Cryer. Strockbank denied this report but he did admit taking the trip. The money was just taken out of the wrong account. The TVA would repay the cost of his trip and said there was no worry.

"Letters to the Editor," Executive Council Campus NSA

NSA Resolution- The Executive Council at the Campus NSA addressed the comments and criticism received from the NSA-sponsored bill that was passed by the Senate. They said they did not mean for the resolution to be a defamation to the character of Steve Brockbank or any members of the Executive Council. The real issue was that the money was taken. *Effective*- John Mason was the 1st vice president of the Residence Halls Association and was an effective and valuable member of the Senate. John Mason's program was based on strengthening the RHA on the outside by strengthening it on the inside. John Mason was a very popular candidate and was urged to be voted for by Shirleen Shields, Marilyn Bain, ASUU Senate President Tony Cannon, and NSA Senator Ernie Ford. *Opportunity*- Monte Morris and Bill Warwick urged students to take active interest in politics and government and express themselves through their elected district delegates.

“Looking Ahead for Greeks...”

At the beginning of this year, a committee was organized under Dr. John Spikes of the experimental biology department and Dr. Charles Seashore, staff associate in the dean of students’ office, to study, analyze and evaluate the fraternity system on campus. There were three goals set by the committee: to examine the past and present characteristics of the fraternity system, collect information as a basis for projecting the future role of fraternities, and to identify ways and means by which fraternities and sororities can meet

their goals within the framework of the University's objectives. The study would determine the differences, if any, between affiliated and independent students in terms of integration into campus life, participation in activities, and attitudes towards the University.
